THE NEW BUSINESS 4x4
THE NEW THINKPAD® YOGA – 4 MODES FOR 4 TIMES THE PRODUCTIVITY

Different situations require different devices. Be it in a boardroom, a car, an office or a cafe, choose a mode and find your comfort zone. From laptop mode to stand mode and tent mode to tablet mode, the ThinkPad Yoga flips around 360°, this calls for a unique keyboard design. Lenovo’s patented Lift and Lock system disables the keyboard in the tablet or stand mode, facilitating uninterrupted usage. With a pre-loaded Intel® SBA platform, it allows you to manage security better and ensure business continuity. All in all, it’s a convertible Ultrabook™ primed for business.

THINKPAD® YOGA

WORK INSTANTLY

• Offers an ultra-fast performance with its 4th generation Intel® Core™ i processor
• Optimized for Windows 8 with multiple input options – Multitouch screen, keyboard, 5-button clickpad and an optional digitizer pen
• Comes with an ultra-responsive 10 finger multitouch screen
• Connects rapidly to other devices using Near Field Communication¹ (NFC) to let you share your documents, contacts and presentations, easily

WORK MADE FLEXIBLE

• Built with a flexible form factor to give one device for both Tablet and Ultrabook™ users
• Just speak to your computer to get your commands executed with the Lenovo Voice Control feature
• Made extremely portable with its lightweight lightweight (1.8kg) and super-slim design (19mm thin)

WORK ALWAYS CONNECTED

• Links multiple devices to the system through a single port using the OneLink dock
• Gives up to 8 hours of battery life² to enable longer unplugged usage
