

Update - Nominations Committee – Interim School Council

The Nominations Committee is pleased to update the Trinity community on its progress towards nominations for the Interim School Council. The interviews with potential candidates have been concluded successfully. We are in the process of making final recommendations to the School Council for the appointment of four outstanding nominees. We believe the process will conclude in accordance with the timeline reproduced below for your reference.

This communication is likely to be the last from the Nominations Committee. We thank the Trinity community for the resounding response to support our school when called upon. We also thank all applicants and interviewees, noting again that the quality of applicants was extraordinary, which made our task both easy and difficult. We shall ensure the Interim School Council is aware of the significant pool of talent at its disposal should the need arise in the coming months.

4 May 2018 – Applications for Director positions close
