

The first weekend of Term 4 sees some Year 10 boys participating in the Leppitt Leaders' Training Course at Lake Eppalock. The Year 10 boys will be leading the Year 7 boys on their camps in Term 4 and their Year 8 camps in Term 1 next year. It is an opportunity to put their lessons learned into practice and to experience genuine, consequential leadership.

During the course, the boys engaged in a range of activities guiding them in group management, communication skills, conducting learning activities and games as well as challenging their self-perception, understanding of others and approach to their environment.

A swathe of Old Trinity Grammarians, recent and less recent, assist the Year 11 Training Team to rehearse the course (T3 holidays) and then conduct it, with valuable input from Trinity Staff along the way. James Lawson and Brett Stewart are singled out for particular thanks having fed about 100 people for four days with plentiful quantities and minimal fuss.

Alan Daley

Coordinator, Leppitt Leaders' Training Course
